### **Mission Statement**

The purpose of the **Bell's Community Services, Inc. (BCS)** is to give back to the community with a focus on youth and their families.

Ellis E. Bell is the founder of BCS. Mr. Bell is a fourth-generation farmer with the family farm located in Forrest City, Arkansas. He is also an insurance broker with offices in St. Louis, Missouri as well as Forrest City. Mr. Bell owes his success as an entrepreneur and a farmer to "staying power". He encourages anyone with a dream not to give up.

Ellis E. Bell  
Founder

**FARMY's** goal is to reach out to our communities to make them aware of the rapid changes taking place in agriculture and the related sciences and how these changes impact our everyday lives.

**"The Food Give-Away Program** is a way to give back to the communities that have been good to us. This program assists food pantries, churches, and other non-profits by providing food for their various programs to feed the hungry."
